# NOTE.

1. For the purpose of facilitating the recognition of Code words of which the first part has been mutilated in transmission a Terminational List has been prepared. This list, which is printed at the end of Part II., consists of all the Code words (including the spare Code words) that are contained in the Code, arranged in alphabetical order according to their terminations.

Correction  
of Errors.

2. The Table below, showing what letters are liable, when rendered in Morse telegraphic symbols, to be mistaken for other letters, will also be found to be of assistance in the detection of errors.

| The letter. | Consists of Symbols identical with, and liable to be misread for, the following Combinations, and <i>vice versa</i> . | The letter. | Consists of Symbols identical with, and liable to be misread for, the following Combinations, and <i>vice versa</i> . |
